FOR IMMEDIATE RELEASE

## Resident opinion sought for Outdoor Aquatics Survey

WEST HARTFORD, CONN. (October 27, 2017) – We want your opinion!

The Department of Leisure Services is reviewing the operation of its four outdoor pool facilities to examine how well the Town meets the needs of the community during an eight-week summer season.

Residents are invited to participate in a seven-question survey. A link to the survey is found here. <http://survey.constantcontact.com/survey/a07eeragdifj95oiz1s/start>

The survey is also found on the Town's home page under NEWS, [www.westhartfordct.gov](http://www.westhartfordct.gov).

Responses to the survey will allow the Town to consider ways to maximize use and to improve the efficiency of its outdoor pools facilities and programs.

A community outreach meeting will be held on Wednesday, November 15 at 7:00 PM at Elmwood Community Center to review the survey results and receive additional comments from residents about the outdoor pools and splash pads.

We appreciate your participation in this survey. The survey ends on November 12, 2017.
