West Hartford, CT 06107-2431

FOR IMMEDIATE RELEASE

## **Partial Road Closure on Park Road begins week of August 6, 2018**

WEST HARTFORD, CONN. (August 3, 2018) – The Town’s Engineering Office reports that that reconstruction of the Park Road and the I-84 interchange is progressing well. Thus far traffic impacts on Park Road have been temporary and the roadway has been fully re-opened to traffic at the end of each work day.

Unfortunately the Contractor has reached a point which will require a permanent partial closure on Park Road. The partial road closure/detour is expected to be in place starting the week of August 6th and will remain in place for several weeks. [Click here to view the detour route.](#)

Park Road will be closed to one lane in each direction between Raymond Road and the I-84 Exit 43 Off-Ramp. Traffic traveling east on Park Road would still be able to access the I-84 on-ramp to proceed east or west. Park Road westbound traffic, wishing to access I-84 will be detoured to the Main Street (Interchange 41) ramps. Trout Brook Drive (Interchange 42) is the recommended alternate to access I-84 East.

Motorists should expect delays and are advised to avoid the project area and seek alternate routes when possible.

Please visit the project website at [www.westhartfordct.gov/ParkRd](http://www.westhartfordct.gov/ParkRd) for additional information.
