

FOR IMMEDIATE RELEASE

Track and Turf Fields are closed at the high schools

WEST HARTFORD, CT (April 3, 2020) -- To enforce essential physical distancing, the Town of West Hartford has closed tracks and turf fields at both high schools. All fields are closed for organized or pick up sports.

Other recreational facilities that are already closed include all playscapes, and basketball, tennis and pickle ball courts town- wide.

Currently, our public green spaces and parks are open but only if there is compliance with social distance protocols to protect the health of all members of our community and if people cannot comply, they will be closed. This also applies to the MDC properties in our town. If the MDC parking lots are full, please return at another time. Do not park on the street or the grass – you will be ticketed for non-compliance.
