**W**EST HARTFORD — A planning and design workshop will be held on the New Park Avenue transit area on April 20.

Residents are invited to share their ideas and drop in between 2 and 8 p.m. in room 110 of the Elmwood Community Center, located at 1106 New Britain Ave.

The town is starting a planning study that will evaluate the New Park Avenue transit area corridor for potential complete street improvements and possible amendments to the zoning ordinance.

The study will primarily focus on enhancing transit supportive standards for Transit Oriented Development land uses and improve inter- and intra-town pedestrian and bicycle access and connectivity to the Flatbush Avenue and Elmwood CTfastrak stations.
